

**Name:** Priya Singh

**Contact Information:** +91 8765432103, priya.singh@example.com, Bangalore, India

**Objective:** Experienced IoT developer with 5 years of experience in designing and implementing IoT solutions, seeking to leverage my skills in innovative IoT projects.

**Education:**

- Bachelor of Engineering in Electronics and Communication, Manipal Institute of Technology, Manipal, GPA: 8.4/10 (May 2017)

**Technical Skills:**

- Programming: Python, C, C++
- IoT Platforms: Arduino, Raspberry Pi, AWS IoT, Azure IoT
- Tools: Git, MQTT, Node-RED

**Professional Experience:**

- **IoT Developer, SmartConnect Solutions, Bangalore, India (June 2017 - Present)**
  - Designed and implemented IoT systems for smart home and industrial automation applications
  - Developed firmware and software for IoT devices and ensured seamless integration with cloud platforms
  - Conducted testing and troubleshooting to ensure reliable and secure IoT connectivity

**Projects:**

- **Industrial IoT Solution:**
  - Implemented an industrial IoT solution for real-time monitoring and predictive maintenance of manufacturing equipment.

**Certificates:**

- IoT Development with Python and Raspberry Pi, Coursera
- AWS Certified IoT Developer

**Languages:**

- English (Fluent), Kannada (Native), Hindi (Fluent)

**Hobbies:**

- Robotics, Gardening, DIY electronics projects
